

DINING GUIDELINES

Beginning Sunday, July 12th, indoor dining and bar service (both with spaced seating) will reopen, joining previously announced patio seating. Sunday hours are for dinner only 4 to 8:30 p.m., and include our popular Prime Rib special. Tues. to Sat. hours remain the same – 12 to 9 p.m.

For the safety of our guests and staff, please abide by the following guidelines:

- All guests must make a reservation for lunch or dinner by calling [610.382.9301](tel:610.382.9301).
(Unfortunately, we are unable to use Open Table reservations at this time.)
- Upon arrival, all guests (including children) must be wearing masks and maintain a safe social distance from others with reservations. Please do not arrive early for your reservation. If you're interested in being seated early, please call first to see if we can accommodate you.
- All tables and chairs are sanitized prior to each reservation.
- All food and drinks will be served in disposables for safety.
- Upon being seated, please remain at your table other than visiting the restroom.
- When using the restroom, masks must be worn and children must be escorted by an adult.
- All checks must be settled by credit or debit card. No cash please.
- Before leaving, please secure your mask.

So that we may accommodate all guests in a timely and relaxed fashion, we ask you to please abide by no more than an hour for lunch and 90 minutes for dinner.

Patio diners encountering rain (tables do have umbrellas) may choose to move to an inside table, if available, or have their meal boxed to-go. And remember, you can continue to enjoy no-contact curbside service when ordering from our [curbside menu](#).

Thank you and welcome back to Chadwick's!
